Dear Sir,

As we discussed regarding fumigation service agency to be change it from Jan 2026 onwards.

Currently Burea vertas working fumigation and pest control services in NLFD - Warehouses & Silos. We are not satisfied with their services because of

1. No trained manpower for do the fumigation and pest control services.
2. Fumigation training not giving to their operators.
3. Sand bags, tarpaulins not properly maintained.
4. No awareness of how to do the tarpaulins folding methodology during fumigation.
5. Top level person poor response when we mailed for critical issues.

above the reason, we plan to give NLFA - Aqua & arthropod pest control service vendor Mr.Viswanathan to extend the services to NLFD - RM warehouse, Silos (Fumigation, Pest control services, rodent control, Quick fumigation) also. He quoted 20% additional cost, but we finalized 10% cost increase from the current BV cost at NLFD site. cost details attached with this mail.

Kindly approve to this cost to 2 years contract periods from Jan 2026 - Dec 2027, 24 months
